The European Federations of Naturism have known on the News and from the FEN (Spanish Naturist Federation) that you, the Mayor of Cádiz (Alcaldía de Cádiz), Spain banned the Naturism, our philosophy, on the beaches of the beautiful city. You must know there are good opportunities in the holiday market in this segment.

We request you to remove the prohibition in our annual meeting 2010 in Luxembourg. Therefore, we express our petition formally with the undersigned list to return the legality and normality of the human body.
